

Fundraiser Donation Form

We are raising funds to improve our commitment to disability access at Watch Close, CV1 by the provision of a wheelchair accessible toilet facility for our first floor exercise and health education unit. Our target is £20,000 whereby Sport England have generously pledged **£10,000** which is 50% of our overall target subject to the following conditions:

- **We raise the remaining 50% of funds (£10,000) before the 24th July**
- **This £10,000 comes from a minimum of 100 unique supporters**

One way in which we are trying to raise the funds is through our fundraising challenge: "Atrium Stadium Tours". We have set ourselves the target of cycling the distance equal to visiting all of the **92** football league grounds in England and Wales. The total mileage amounts to **2359** and we have just **24 hours** to reach our goal!

This is where you come in...

Any donations are greatly appreciated:
